"RADIO FROM THE PAST"

REVISED EDITION
AUGUST 1970

STAN FALK
623 PALM AVE
SO. SAN FRANCISCO, CALIF 94080

This is my fourth attempt at putting out a catalog that will give a good description of the show and its fidelity rating.

A lot of thanks to a great friend and fellow old time radio collector Dave Amaral who has given me countless hours of material.

Listed below is a list of fidelity ratings that I use.

EXCELLENT - No audible defects.
VERY GOOD - Some minor audible defects, but very good listening.
VG/GOOD - Very good listening, but defects like a drop in volume or the voices may vary.
GOOD - Listenable, but definite defects through out program.
FAIR - Forget it!

Anytime you receive a show from me and the fidelity is not what you expected, please drop me a note and I will either redub it for you or replace the show.

I have machines to do either $\frac{1}{2}$ track or $\frac{1}{4}$ track dubbings. I prefer to trade on 1200' $1\frac{1}{2}$ mil brand name tapes.

* Indicates a master tape for the disc.

** Indicates the tape copy is a 2nd or 3rd copy from the master tape.

Please hold all trades to 4 hours a trade as I want to keep from falling behind.
